Whereas the people of the United States continue to pray for the individuals who were affected by this tragedy;

SENATE RESOLUTION 43—RECOGNIZING THE DUTY OF THE FEDERAL GOVERNMENT TO IMPLEMENT AN AGENDA TO TRANSFORM, HEAL, AND RENEW BY INVESTING IN A VIBRANT ECONOMY (“THRIVE”)

Mr. MARKEY (for himself, Mr. SCHUMER, Mr. SANDERS, Mr. WYDEN, Ms. WARREN, Mr. MERKLEY, Mr. BOOKER, Mr. BLUMENTHAL, and Mrs. GILLIBRAND) submitted the following resolution; which was referred to the Committee on Health, Education, Labor, and Pensions:

S. RES. 43

Whereas families and communities throughout the United States share similar hopes and dreams of a good life that is free from worry about meeting basic needs, with reliable and fulfilling work, a dignified and healthy standard of living, and the ability to enjoy time with loved ones;

Whereas the United States faces the stress of multiple, overlapping crises—old and new—that prevent the achievement of these fundamental human rights and needs, in which the COVID-19 pandemic has killed over 450,000 United States residents; more than 10,000,000 United States workers remain unemployed; rising economic inequality has made working families vulnerable; tens of millions of individuals do not get the health care they need; and intensifying climate

change increases the threats to our health, economy, and livelihoods;

Whereas these health, economic, and climate crises have magnified centuries-old injustices, causing high rates of death and hardship among Black, Brown, and Indigenous communities due to long-standing systemic racism—a fact spotlighted by an emerging, multiracial movement to end violence against Black people;

Whereas these crises are causing the inequitable workloads of women—particularly women of color—to grow, especially as women of color overwhelmingly make up the essential workforce, bearing the weight of the increased care needs of children, the elderly, and the sick;

Whereas, even before the COVID-19 crisis, many rural communities and independent family farmers suffered from poverty, declining economic opportunity, and alarming rates of farm bankruptcy, including loss of land from Black farmers and the exploitation of Black, Brown, and Indigenous farmers caused by predatory and racist public, private, and governmental institutions and policies;

Whereas the root of our interlocking economic and environmental crises is society's historical willingness to treat some communities and workers as disposable;

Whereas it is necessary to counteract systemic injustice and value the dignity of all individuals in order to address unemployment, pandemics, or climate change and ensure the survival of the Nation and the planet;

Whereas the choices made in response to these crises will shape the United States' direction for the 21st century and beyond, offering an opportunity to reshape our society to provide a good life for each of us and for our children and grandchildren; and

Whereas the United States has the means to support fulfilling livelihoods for millions of people—Black, Indigenous, Brown, Latinx, Asian/Pacific Islander, White, immigrant, urban and rural, old and young, of many faiths, genders, abilities, and talents—while working to heal harms, protect communities, and invest in a future that fosters justice, not crisis: Now therefore, be it

Resolved, That it is the sense of the Senate that—

(1) it is the duty of the Federal Government to respond to the crises of racial injustice, mass unemployment, a pandemic, and climate change with a bold and holistic national mobilization, an Agenda to Transform, Heal, and Renew by Investing in a Vibrant Economy (“THRIVE”) (referred to in this resolving clause as the “Agenda”), to build a society that enables—

(A) greater racial, economic, and gender justice;

(B) dignified work;

(C) healthy communities; and

(D) a stable climate; and

(2) such Agenda shall be assessed upon its ability to uphold its foundational pillars, including—

(A) creating millions of good, safe jobs with access to unions by—

(i) investing in projects including—

(I) upgrading our broken infrastructure to expand access to clean and affordable energy, transportation, high-speed broadband, and water, particularly for public systems;

(II) modernizing and retrofitting millions of homes, schools, offices, and industrial buildings to cut pollution and costs;

(III) investing in public health and care work, including by increasing jobs, protections, wages, and benefits for the historically unpaid and undervalued work of caring for children, the elderly, and the sick;

(IV) protecting and restoring wetlands, forests, and public lands, and cleaning up pollution in our communities;

(V) creating opportunities for family farmers and rural communities, including by untangling the hyper-consolidated food supply chain, bolstering regenerative agriculture, and investing in local and regional food systems that support farmers, agricultural workers, healthy soil, and climate resilience; and

(VI) developing and transforming the industrial base of the United States, while creating high-skill, high-wage manufacturing jobs across the country, including by expanding manufacturing of clean technologies, reducing industrial pollution, and prioritizing clean, domestic manufacturing for the aforementioned investments;

(ii) prioritizing the mobilization of direct public investments, while excluding false solutions that—

(I) increase inequality;

(II) privatize public lands, water, or nature;

(III) violate human rights;

(IV) expedite the destruction of ecosystems; or

(V) decrease union density or membership;

(iii) driving investment toward real full employment, where every individual who wishes to work has a viable pathway to a meaningful and dignified job with the right to form a union, including by establishing new public employment programs, as necessary; and

(iv) subjecting each job created under this Agenda to high-road labor standards that—

(I) require family-sustaining wages and benefits, including child care support;

(II) ensure safe workplaces;

(III) protect the rights of workers to organize; and

(IV) prioritize the hiring of local workers to ensure wages stay within communities to stimulate economic activity;

(B) building the power of workers to fight inequality by—

(i) reversing the corporate erosion of workers' organizing rights and bargaining power so that millions of new clean energy jobs, as well as millions of existing low-wage jobs across the economy, become the family-supporting union jobs that everyone deserves, including by—

(I) passing the bipartisan Protecting the Right to Organize Act;

(II) repealing the ban on secondary boycotts;

(III) requiring employer neutrality with regard to union organizing;

(IV) ensuring that “franchising” and other corporate structures may not be used to hinder collective bargaining on a company-wide, regional, or national basis;

(V) advancing sectoral bargaining in certain economic sectors; and

(VI) ensuring that no workers are misclassified as “independent contractors;”

(ii) expanding union representation for all workers; and

(iii) creating ladders of opportunity, particularly for women and people of color, to access registered apprenticeship and pre-apprenticeship programs in communities of all sizes across the country;

(C) investing in Black, Brown, and Indigenous communities to build power and counteract racial and gender injustice by—

(i) directing at least 40 percent of investments to communities that have been excluded, oppressed, and harmed by racist and unjust practices, including—

(I) communities of color;

(II) low-income communities;

(III) deindustrialized communities; and

(IV) communities facing environmental injustice;
